**SCOPE OF WORK**

CONTRACT TYPE: Multiple Award, Multiple Year Task Order Contract for Dredging

TASK ORDER No. W911XK-09-R-0015

PROJECT NAME: FY09 Maintenance Dredging, Monroe Harbor, Michigan

**SCOPE OF WORK:**

1. Site Preparation – Clear a 50’ wide area adjacent to the east fence of cell#1, as shown on the plans, of all vegetation. Remove weeds, brush and roots and place within cell#1 outside the cleared area. Do not place where the vegetation will impede flow toward the weir. Remove all trees in the area to within 6” of the existing ground. Roots of trees 6” diameter or greater need not be removed. Chip the trees and spread in the 50’ wide area. Pieces with a diameter to large to chip shall be cut in 2’ lengths and stacked at the south end of the cleared area.

Dredging - Mobilize dredge to Monroe, Mi. and dredge the areas shown on the plans. The required dredge area is the North ½ of the channel from CS 9+00W to CS 190+00E. The Option 1 dredge area is the South ½ of the channel from CS 0+00 to CS 190+00E. The Option 2 dredge area is the South ½ of the channel from CS 0+00 to CS 74+00W. The required depths are 21.0' below L.W.D. within the channel and 18.0' below L.W.D. in the turning basin. Place the dredged materials into Cell#1 of the Government furnished Confined Disposal Facility, as shown on the plans. Demobilize when dredging work is completed.

2. For this Task Order, the Contractor shall use Wage Decision IL080018, dated 14 March 2008, and MI090083, dated 6 March 09, as attached.

3. The work for this Task Order shall conform to the contract specifications and this scope of work.

4. The survey information shown on the drawings is based on condition surveys collected on the dates indicated.

CS 58+00E to CS 190+00E June 2007

CS 16+00E to CS 57+00E July 2008

CS 15+00E to CS 74+00W Nov 2008

Final pay yardage will be determined by prior to dredging soundings and after dredging construction surveys.

5. The overdepth and side slope quantities for this Task Order are as follows:

Required	25,000 cy	8,000 cy
Option 1	7,500 cy	2,000 cy
Option 2	9,000 cy	2,000 cy

6. Character of Materials

The material within the required dredging prism consists primarily of material that has shoaled since the last time the area was dredged. Shoaled material contains silt with varying proportions of sand and organics. Native material may be encountered in the required dredging and overdepth prisms, and consists of soft to hard silty clay with sand and gravel. Cobbles, boulders, and foreign debris may be encountered in the required and overdepth dredging prisms.

7. Tolerance Dimensions:

Side Slope Tolerance: 25 feet horizontal

Shoal Tolerance: 0.5 feet vertical

8. Special Project Procedures:

a. State of Michigan – Allowed and Prohibited Dredging

During the following periods of the year dredging is allowed:

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage

payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
